PROFESSIONAL SUMMARY

Frontend Web Developer with 2 years of experience building responsive, scalable web applications using React, TypeScript, and JavaScript (ES6+). Experienced in developing inventory and purchasing systems, integrating REST APIs across multiple business systems, and delivering clean, accessible user interfaces. Collaborative team member in Agile environments, focused on performance, maintainability, and user experience.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS

Frontend: React, Next.js, Tailwind CSS

React Ecosystem: Redux Toolkit, RTK Query, Tanstack Query, React Hook Form, Yup, Zod, Zustand, Material UI, React Router, Shadcn UI

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools: Git, GitHub, Figma, Vite, ESLint, Vitest, VS code, React Devtools, Chrome Devtools, Lighthouse

PROFESSIONAL EXPERIENCE

Junior Frontend Web Developer

October 2024 – Present

RDF Feeds, Livestock and Foods Inc., Philippines

- Developed a responsive inventory management web application using React, TypeScript, and Tailwind CSS, used by 1,500+ staff across 20 departments.
- Built a purchase requisition module with dynamic forms, input validation, and a multi-level approval workflow, streamlining the requisition process and reducing manual processing.
- Integrated the frontend with REST APIs connecting inventory, purchasing, and warehouse systems, enabling seamless stock data synchronization.
- Implemented role-based access control and protected routes for 30+ user roles, including requestors, approvers, purchasing staff, and administrators.
- Designed an inventory dashboard with filterable data tables and Excel/PDF export functionality, reducing manual reporting effort.
- Improved application performance through code-splitting, lazy loading, and memoization, resulting in faster page loads and improved application responsiveness.
- Collaborated with backend developers and business stakeholders in Agile sprints while using Git and GitHub for version control.

EDUCATION

Bachelor of Science in Computer Science

August 2024

Don Honorio Ventura State University, Philippines (2020 – August 2024)
